

Subscription Terms

Free Trial

We offer a free trial for our services. Unless you cancel at least 24 hours before the end of the free trial, you will be automatically charged the price indicated on the payment screen for the subscription period you have selected (e.g., weekly, monthly, semi-annually, annually, or otherwise).

Subscription

The subscription renews automatically at the end of each period (e.g., weekly, monthly, semi-annually, annually, or otherwise), depending on the option selected at the time of purchase, until you cancel.

Payment Method

Payment will be charged to the payment method you submitted at the time of purchase upon confirmation of the purchase. You authorise us to charge the applicable subscription fees to this payment method.

Cancellation

You can cancel your free trial or subscription at any time by turning off auto-renewal through your account settings. To avoid being charged, you must cancel the subscription in your account settings at least 24 hours before the end of the free trial or the current subscription period. Deleting the app does not cancel your subscription.
